

geoExtra ideas

You are thinking about your geoExtra and we are here to give you a helping hand!

The purpose of geoExtra is to improve the experience of geoSpoters with a **layout** that will create a **surprise** effect, which they ideally cannot find by vehicle. Depending on your geoSpot, some ideas will be more suitable than others; here is some inspiration to guide you, this list is of course not exhaustive.

- Table and chairs (picnic table, garden furniture, etc.)
- Bench or pallets
- Lounge chair
- Hammock, hanging chair
- Parasol, gazebo, pergola, sunshade sail, canopy
- Wires or drying rack
- Water point (tap...)

- Outdoor games/activities:
 - Swings
 - Boules, skittles
 - Darts
 - Football (+ movable goals)
 - Ball + basketball hoop
 - Ball + volleyball net
 - Rackets + net (tennis, badminton...)
 - Climbing holds
 - Hut

And if you want to go further, here are some additional ideas (not mandatory).

- Rainwater collector (with a tap or solar shower)
- Rubbish bins with selective sorting - *far enough away from parking areas; you will be responsible for emptying them regularly*
- Compost, vermicompost - *far enough away from parking areas*
